Cozy Cat Cottages is designed to offer cats a vacation while offering owners the security of a safe boarding facility. Staying at Cozy Cat Cottages is a luxury experience exclusively for felines, like staying at a Hilton for cats.

Creature comforts abound on every level of each glass-enclosed cottage. Each spacious suite has four levels to allow each tenant to exercise and to choose from a bird's-eye view of the cottages or a floor-level peek-a-boo spot.

### Each Suite Includes

- A Cozy Cube to provide a personal hideaway
- Extra bedding to accent the multiple levels
- Lace curtains between cottages to keep nosy neighbors away
- Food and water bowls - hospital kibble is provided- but you are welcome to bring your own dry and canned food to keep your kitty's diet regular
- Litter pans and litter

### Safety Is Our Priority

We know you want to tuck your companion in and make sure they are comfortable, but for everyone's safety (feline and human alike) please allow our attendants to move your feline.

### Before We Board Your Feline

Please Plan Ahead! Our doctors want to do a brief exam with you and your feline so we can ensure the best care.

Current Rabies and FVRCP vaccines are required.

Flea control is required. Your cat must have been treated for fleas within the last 30 days. If you have not recently treated for fleas, make sure your cat is treated 24 hours before check-in.

Please allow yourself time at drop off to fill out paperwork for your stay.

Please take a look at our map to see which condo you would like your cat to stay in!
